

Terror on the other side | Pablo Otaol

...so, the fear made me take, with the strength of an animal, the Derringer out of my pocket, which I had casually bought some days before...

Tomás Ballester is a young, highly ambitious engineer who has a brilliant career in a powerful company in Madrid. When he moves to Barcelona to manage an important corporative complex, he will understand that his mission presents a special difficulty, beyond his initial expectations. In fact, Ballester will end up being the key point in neutralizing the mafia above him, while death will surround him. It is based on true events in Catalonia. This is a crime novel and, at the same time, a radiography of the country, in which the politicization of justice, the institutional corruption and the war between two Spanish concepts make current reality turn into a sinister fantasy.

Pablo Otaol, Biel, Zaragoza. He is a history teacher who has dealt with important political responsibilities in Salou, Costa Dorada. He is also the author of several unpublished crime novels.
